

The background of the cover is a photograph of a forest. In the foreground, there are many tall, thin, light-colored tree trunks, possibly aspens, reaching upwards. The foliage is a mix of green and yellow, suggesting an autumn setting. In the background, a mountain range is visible under a clear, bright blue sky. The overall scene is bright and clear.

Colorado Climate publication (ISSN 1529-6059) is published four times per year, Winter, Spring, Summer and Fall. Subscription rates are \$15.00 for four issues or \$7.50 for a single issue.

The Colorado Climate Center is supported by the Colorado Agricultural Experiment Station through the College of Engineering.

Production Staff: Odilia A. P. Bliss and Ann Dummer, Colorado Climate Center
Barbara Dennis and Lisa Schmitz, Publications and Printing

An earlier publication with the same name, "Colorado Climate," was published monthly from 1977 through 1996 with the support of the Colorado Agricultural Experiment Station and the Colorado State University College of Engineering.
